

# Living Donor Spotlight

## Kelli

Donated: Right Kidney  
Hospital: Memorial Hermann  
Hometown: Helper, Utah

Kelli with her sister Christine

### **Transplant Journey:**

Everything has happened so fast. Since I was a little girl, I have dreamed of donating one of my kidneys to my sister. My sister Christine was born with 4 full functioning kidneys and struggled her entire life. I'll never forget the call Christine called and told me she had kidney failure at 8%. I decided to go forward with the testing for my sister because I knew I was an O+ blood type. After a few months of testing and trials and tribulations on July 14th I saved my sister's life.

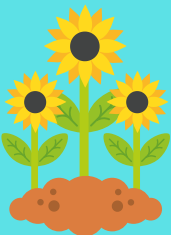

### **What has been your favorite space at Nora's Home?:**

My favorite place is the sunroom. It is relaxing and where I go to make my phone calls to my husband and children back home.

### **What do you enjoy most about Nora's Home?**

The people and the staff here. Each person has their own story, but it is amazing that we all have so much in common. Everyone is positive and always has a smile on their face.

**What would you say to the donors who monetarily support Nora's Home?:** Thank you! Your donations are not going to be wasted. Nora's Home is utilizing their resources and it shows!
